B. PROGRAM INSTALLATION:

NO.	TASK	OPTION	TASK DESCRIPTION
1	DOWNLOAD	GOOGLE DRIVE	Download a zip file from the provided Google Drive link and unzip it
		GIT HUB	Download a folder from the Github repositories by the provided Github link
2	INSTALL & OPEN	PASTE/MOVE	Paste the folder into a specific directory and run the folder by **a Code Editor**. Open the index html page in **QuangVinh -> index.html (*)**
		UPLOAD	Upload the folder on your server and open the index html page in **QuangVinh -> index.html (*)**

(*) for best experience, please run it on the latest version of the web browser Chrome.

C. SUCESSFUL TEST

- The file is loaded successfully
- Homepage should be displayed as described in the documentation.

- Tailor your trip Form (in Trip Advices Page) should allow you to choose a country and state in the drop-down list *(please note that some countries do not have state information – suggest to choose Afghanistan for quick test).*

*** For further questions or inquiries, please feel free to send an email to us at fpt_codingexperts@fpt-aptech.com.vn.**

We wish you to enjoy and gain more success with the new website!

Thank you!
